

Category	Electrical Appliances
Product name	'Travels' Universal Worldwide Travel Adaptor
Retailer	ASDA
Model or Type	Model numbers MT113, MT072
Risk Description	As part of our ongoing quality checks we have found that the above 'Travels' worldwide adaptors do not meet our high quality expectations. The adaptors come with multiple sets of plug pins and it is possible to expose more than one set at a time. When plugged in, these additional pins can potentially allow access to hazardous voltages. We are concerned that there is a slight risk of electrocution so we have taken a decision to recall this model. We are pleased to say that no one has been hurt.
Instructions	If you own one of these worldwide travel adaptors, disconnect it from the mains supply and stop using it. Bring back the adaptor to your nearest store and we'll give you your money back. You don't need the packaging or the receipt. It goes without saying we are very sorry indeed. For further information please contact ASDA Customer Relations 0500 100 055 ASDA
